

Business Plan

The Business edition is designed for those growing firms who are tackling larger cases, with more data and complexity. The Business edition provides a full range of AI and Analytic capabilities that provide insight, acting as a virtual assistant, guiding legal teams through complex data sets so that they can reach understanding quickly.

discovery][Enterprise

Secure access to our fully automated, electronic evidence processing and analytics eDiscovery solution.

Unlimited Users, Matters, & Productions

Add unlimited users and matters to empower your team without limit.

IPRO Insights

Gain matter insights fast, with our advanced IPRO Insights collection that includes email threading, near duplicate detection and comparison, conversation heat map, topic modeling, assisted review, active learning, and early case assessment toolset.

System Administration

No software, hardware, or infrastructure to maintain. System, storage, and user administration completed by an IPRO Cloud Solutions Specialist at no additional charge.

IPRO Learning Center

The Business Plan provides video based, self-guided assistance, for up to 20 users via the IPRO Learning Center.

Professional Services

Professional Services, billed on an hourly basis, for those times when you need the extra help or when an unexpected issues and requests occur.

IPRO is reinventing the way organizations interact with their data.

By transforming the EDRM and thinking "upstream" we bring insight far earlier in the eDiscovery process, enabling teams inside and outside your organization to collaborate transparently at any stage, before data is even collected. By thinking about and interacting with your data differently, you'll eliminate waste and reduce risk.
